License & Usage Terms — All Icon Packs, Themes & Visual Assets

Hey, thanks for downloading! Before you dive in, here's the short version of the rules — no lawyer-speak, just what you need to know.

Personal Use Only

Everything in this pack — icons, themes, wallpapers, and any other assets included — is licensed for personal, non-commercial use only. That means your own desktop, your own devices, your own setup. Enjoy it, customize with it, show it off in screenshots.

What You Can't Do

- Resell, redistribute, or re-upload these files on any other site, store, or marketplace.
- Repackage or rebrand the assets as your own work.
- Use them in commercial products, templates, or paid bundles without written permission from Arnaez Studios.

If you want to use any of this commercially, just reach out — I'm usually open to talking licensing for the right project.

Credit

Not required, but always appreciated. A mention or link back to Arnaez Studios when you share your setup goes a long way.
